INSTALL PRICING:

*All installs require an additional \$3,000 trip charge to cover travel and equipment expenses, this is applied to all installs regardless of the number of units.
Prices shown above include the installation of a single unit.
Prevailing wage rates will be calculated based on state and county regulated rates combined with site requirements.

TERMS:

Net 30 days with approved credit, or payment with order (cash, check, visa, or master card). Service charge of 1 ½% per month for past due accounts. Prices of future orders subject to market conditions.

CERTIFICATION:

We hereby certify that these goods were produced in compliance with all applicable requirements of sections 6, 7, and 12 of the Fair Labor Standards Act as amended and all regulations and orders of the United States Department of Labor issued under section 14 thereof.

RETURNED MERCHANDISE:

When orders have been correctly filled we cannot allow the return of goods unless a full explanation has been made and a Returned Goods Authorization (RGA) number is obtained. If accepted, all goods shall be returned in salable condition; transportation charges are to be prepaid. Returned goods will be credited at the original purchase Price, less a 20% re-stock fee.

FREIGHT CHARGES:

Actual freight charges are determined by carrier and may be subject to rate changes or other additional charges. We can provide estimates of product weights or costs for your convenience; however, we cannot assume responsibility for freight charges incurred which differ from our estimates. All items are shipped knocked down to keep costs at a minimum. All hardware and assembly instructions are included with each shipment.

LOST OR DAMAGED IN TRANSIT:

Title passes to the customer at the time of shipment from National Recreation Systems, Inc.'s factory. If shipment is damaged or lost in transit, the customer, by law, is responsible for recovery or loss. National Recreation Systems, Inc. will provide the customer with pertinent shipping information to assist in the recovery. Such carrier claims are not valid legal basis for withholding any related payments to National Recreation Systems, Inc. or its representatives.

Mill Finish Staining

Economical mill finish foot plank and risers are standard on NRS products in this price list. NRS will not be responsible for discoloration or staining (dark black, brown, or white residue) resulting from unavoidable condensation that occurs during packing, transporting and storage, preceding and/or during installation. Removal of these stains or replacement of boards upon completion of installation is not part of this standard pricing because stained mill finish boards meet industry standard requirements. A clear anodized finish may be quoted at an additional cost to avoid potential discoloration or staining.

RECEIPT & CUSTODY OF GOODS:

Customer should verify goods received at time of delivery. Customer assumes responsibility for the safe keeping of products, regardless of whether installation is to be done by National Recreation Systems, Inc.'s subcontractors or others. The customer is liable for costs to repair or replace any components lost or damaged by weather, theft, vandalism, or other causes beyond the control of the manufacturer.

PRICING DISCLAIMER

National Recreation Systems reserves the right to change pricing at any point during the business year.
